## **Shiny Door Handles Welcome Strand Patrons**

Written by David on July, 24 2008

The door handles for the Strand have been stripped and re-chromed by Shelby Plating and Grinding of Shelbyville. Only one of these handles were installed when we started the renovation process in April 2007. We discovered the missing 7 in the basement carefully tucked away. The old handles were reinstalled and have been functioning well since our re-opening in January 2008. As part of our the work to improve our facade, the handles were removed and re-plated. Below is Tony Macaluso buffing a handle in preparation for plating:

Before and after installation:
