## Keeping Safe

Written by David on June, 6 2009

The Strand Theatre of Shelbyville, Inc. was formed with 2 basic goals. Number 1 goal was audience safety, and 2nd was audience comfort. If we could not attain these to goals, the we felt the Strand would not be viable.

Keeping safe for any business is not something that just happens. It takes lots of work and diligence. Our Strand volunteers constantly test our emergency lights and keep our exits clear. Sometime there are things we can't do. The annual certification of fire extinguishers is one such job.

Dave Burns of Crossman Fire is helping the Strand remain safe and compliant. In addition he is outlining a budget for our long term maintenance of the fire extinguishers. Here he is checking one of the MANY extinguishers in our theatre:

These are the unseen things that it takes to run our theatre. Safety is and always will be number 1.
