The Shelby County Players

On a private island off the coast of Devon, England, small soldier figurines inexplicably fall from the mantle and break, as each of those present in the house dies one by one at the hands of an unknown assailant. Above the mantle, a nursery rhyme describes how each of the ten "soldiers" dies until there were none. Eight guests, who have never met each other, and two house servants, are trapped on the island during a storm, while their host and hostess are mysteriously absent. A strange voice accuses each of the ten of having committed and gotten away with murder, and suddenly, one of the guests collapses, having been poisoned. One down and nine to go!
