Pipe Organ Meeting ? Thursday Night

Written by David on September, 26 2012

The first meeting organizing the Theatre Pipe Organ Project will be on Thursday September 27, 2012 at 7:00pm. This project, endowed by the Shelby County Historical Society, will install a historic theatre pipe organ built by the Louisville Pipe Organ Company.

The Strand will be home to a unique and wonderful instrument. If you are interested in helping with the rebuild or just curious about the project, please join us on Thursday.

The meeting will go over the history and mechanics of the theatre pipe organ and how they relate to our project.
