STRAND THEATRE WORK SESSION
FEBRUARY 1, 2014

9:00am - 2:00pm

The Strand will be holding a work session tomorrow February 1st. The projects for this week include preparing our balcony for painting. The steps have been extended and the old seat studs removed. We will be cleaning and caulking where the wood meets the concrete.

Following the preparation we will be priming the new wood sections. This includes the step extensions in the lower balcony and most of the upper balcony. This will be with latex (water based) primer. After that dries we will start the top coat of floor paint. This is oil based paint.

While the balcony work is happening we will continue the never ending removal of trash and debris. We are getting close to finishing this. The cabaret area is mostly clear!

Work will continue in our offices removing the old wall paper. The office ceilings have had their new fixtures installed and the wiring in place. Our contractor will be putting in the ceilings this week.

Our crew will also be cleaning the entire theatre from saw dust. Every seat in the downstairs (168) will need vacuumed. It is time consuming, but will be worth it in the end. After this is completed we can get ready for our mid-week work session. The day of our mid-week session has not been determined. It will be the job we have been looking forward to: Loading in our new seats!!!

If you can make it tomorrow we would love to see you. Remember, everyone is welcome. Thank you for your support and interest in the Strand!!
